

28 YEARS LATER

Horror

Releasing around the world from June 18, 2025

Academy Award®-winning director Danny Boyle and Academy Award®-nominated writer Alex Garland reunite for **28 Years Later**, a terrifying new "auteur horror" story set in the world created by *28 Days Later*. It's been almost three decades since the rage virus escaped a biological weapons laboratory, and now, still in a ruthlessly enforced quarantine, some have found ways to exist amidst the infected. One such group of survivors lives on a small island connected to the mainland by a single, heavily-defended causeway. When one of the group leaves the island on a mission into the dark heart of the mainland, he discovers secrets, wonders, and horrors that have mutated not only the infected but other survivors as well.
